The Margaret Eaton School

Florence A. Somers
Director

While the regular school calendar is issued only every other year, the need was felt this year for a small folder to convey to prospective and present students a few changes in school regulations as well as the important dates for the school year 1939-40.

The Margaret Eaton School is again planning to spend the month of September in training at Camp Tanamakoon, Algonquin Park, Ontario, as part of the regular physical education course. Not only does this month in the open give the students an excellent training in those activities particularly connected with camp work; it gives them also the foundation in camp leadership so necessary for a successful camp counsellor. Details of equipment needed for camp are sent when applications are received and early in August a bulletin is sent to each student giving information regarding the arrangements for going to camp.

Candidates for admission to The Margaret Eaton School from Ontario are required to have their full junior matriculation or junior matriculation with upper school Botany and Zoology substituted for Latin.

Whenever possible it is recommended that students get full upper school or Grade XII, as well as junior matriculation, before commencing the physical education course.

While junior matriculation standing from the other provinces is accepted provided no subject is below 50%, all students outside of Ontario who plan to attend The Margaret Eaton School should send in a list of the matriculation subjects they are taking as early as possible in their High School course to ensure having the best possible foundation for the course in physical education.

A new ruling regarding examinations goes into effect in the school year 1939-40. The Diploma will be awarded only to students obtaining a minimum of 50% in each subject with an average of 65% on the total examining throughout the year.

Special attention is called here to the regulation regarding books and equipment bought through the school office. To facilitate the work of the office staff, it has been decided to sell books and equipment on a strictly cash basis. It is suggested that parents open a bank account for their daughters in order that they may have the money as needed for supplies.

CALENDAR 1939-40

First Term	Sept. 2nd to Nov. 21st inclusive
Second Term	Nov. 22nd to Feb. 24th inclusive
Third Term	Feb. 25th to May 21st inclusive
Camp Period	Sept. 2nd to Sept. 30th
